### Navigating Blue Box Content

**Page Control:**

After selecting 1 of the 3 topics on the *Blue Box > Topics* screen, the content for that particular topic is presented on the following screen, along with a page control at the bottom of the screen. The page control has 3 dots, each representing 1 of the 3 topic screens in sequential order.

The active dot is opaque blue, and represents the currently viewed screen. To navigate to another topic screen, simply swipe forward (or backward). You may also tap *Back* within the navigation bar to return to

## About MMWR Express

Version 1.0 Build 001

Welcome to the MMWR Express mobile app.

The goal of this app is to provide fast access to the blue summary boxes in MMWR's Weekly Report.

The Morbidity and Mortality Weekly Report (MMWR) series is prepared by the Centers for Disease Control and Prevention (CDC). Often called "the voice of CDC," the MMWR series is the agency's primary vehicle for scientific publication of timely, reliable, authoritative, accurate, objective, and useful public health information and recommendations.

Summaries are searchable by specific issue, or by specific subject (e.g., salmonella).
